

Submitting SSDM 2009 Papers to JJAP Special Issue

Dear SSDM 2009 Authors:

Authors of SSDM 2009 papers are encouraged to submit their original papers on the significant part of their work presented at SSDM 2009 to the Special Issue of Japanese Journal of Applied Physics (JJAP). The Special Issue will be published in April 2010. Those who wish to submit a paper to the Special Issue should follow the Summary Information for Contributors and Instructions for Preparation of Manuscript for JJAP (<http://www.ipap.jp/jjap/authors/index.htm>).

The deadline for submission to the Special Issue is Tuesday, October 6, 2009.

Publication schedule for the Special Issue of JJAP is as follows.

October 6-9	● International Conference on Solid State Devices and Materials (SSDM 2009)
October 6	● Deadline for submission of papers to the Special Issue (JJAP Publication Office)
2010	
April 30	● Publication of the Special Issue of JJAP (No.4)

IMPORTANT NOTICE

- (1) The paper submitted for the Special Issue should not have the text identical with one appeared in the SSDM2009 Extended Abstracts. The content of the paper should be original. **Please note that only those papers presented at SSDM2009 are considered: No no-show paper is processed.**
- (2) The submitted paper will be reviewed based on the JJAP standard for an original paper. All papers submitted are not necessarily accepted in the final review.
- (3) Note that the manuscript will not be included in the Special Issue, if the manuscript is not accepted for publication by the deadline for the Special Issue as a consequence of revisions requested by referees. (Those manuscripts that have not met the deadline may be considered for inclusion in a later issue of JJAP. This is a special treatment limited for the Special Issue of the SSDM2009 and may not be taken over by SSDM 2010.)
- (4) The authors of invited papers are also welcome to submit any original part of their presentations. Note that above items from (1) to (3) are also valid in this case.
- (5) The authors (or their institution) are requested to pay publication charge. See for details NOTES TO CONTRIBUTORS for JJAP.
- (6) Authors should read the contents of the following URLs carefully before submitting papers:
 - (a) General information: <http://jjap.ipap.jp/special/index.html>
 - (b) Manuscript submission: <http://jjap.ipap.jp/special/ESubmissionSIssue.html>Papers should be submitted on the web-based system. For online submission, authors are requested to register as a user.
- (7) By the investigation of IPAP that is the publication office of JJAP, it was found that the number of referenced papers for JJAP is smaller than that for famous journals in the same field, such as J. Appl. Phys. The average number of referenced papers in J. Appl. Phys. is about 25. Please refer your own previous papers and other related papers, as many as possible, to make the difference between your new paper and other papers. It will improve the value of your papers.

Kentaro Shibahara
Editor of the Special Issue for SSDM 2009
