

To authors of SSDM2023 accepted papers:

Submission of SSDM2023 Papers to JJAP Special Issue

Authors of accepted papers are encouraged to submit their original papers on the significant part of their work presented at SSDM2023 to the special issue of Japanese Journal of Applied Physics (JJAP). JJAP has been published by IOP Publishing on behalf of The Japan Society of Applied Physics. Note that a special rate of publication charge and 1-year free access are applied for the SSDM2023 JJAP special issue. Online publication of accepted articles will begin as soon as the editing process of each article is completed. Those who wish to submit a paper to the special issue should read through the information below and follow the instructions for preparing manuscripts.

Publication schedule for the SSDM2023 JJAP Special Issue

2023

September 5-8: 2023 International Conference on Solid State Devices and Materials
(SSDM2023)

October 13: Deadline of paper submission to the special issue (online)

**No extension of the deadline is scheduled.*

End of October: Starting of review process

Accepted papers will be published online as soon as the editing process of each article is completed.

2024

End of February: Closing of all review process

INFORMATION FOR CONTRIBUTORS

- (1) The paper submitted to the special issue should not have the text identical with one appeared in the SSDM2023 Extended Abstracts. The content of the paper should be original and an inclusion of new materials (data, discussion, etc.) is mandatory. The authors are requested to cite their own corresponding SSDM2023 Extended Abstract in the manuscript and to include a brief description in the text about what has been newly added in the present manuscript.
(https://cms.iopscience.org/9b7fb5af-4afd-11e9-9082-7104d0739f5c/Originality_policy.pdf)
- (2) The manuscript submitted for SSDM2023 JJAP Special Issue is strongly expected to have no less than 30 references and to be at least 4 printed pages in length. It is encouraged to cite your own previous papers and sufficient numbers of related papers

to clarify the originality of your paper.

- (3) It should be noted that you are not eligible for submission to the JJAP without own presentation at the conference.
- (4) The submitted paper will be reviewed based on the JJAP standard for an original paper. All papers submitted are not necessarily accepted in the final review.
- (5) Online publication will start as soon as the editing process of the accepted article is completed.
- (6) JJAP special issues are accepting Regular Paper (RP), Brief Note (BN), and Progress Review (RV). The above items from (1) to (5) are applied in all cases. RVs, which provide concise, efficient overviews covering the latest progresses in a specific research area of applied physics largely based on the recent results from the author(s), can be submitted by the authors who have been recommended from the SSDM Program Committee. The publication of RV is free of charge for the authors.
- (7) The authors (or their institution) are requested to pay a special rate of publication charge (the price to be announced later). The invoice will be sent to authors by e-mail from IOP Publishing within a few days after the online publication.
- (8) Authors should read the contents of the following URL carefully before submitting papers.

Author Guidelines

https://iopscience.iop.org/journal/1347-4065/page/Author_Guidelines

All papers should be submitted online through the web site. Authors are requested to register as a user for the system to begin the on-line submission.

Submission options (Select “Submit an article for JJAP Special Issues”)

<https://iopscience.iop.org/journal/1347-4065/page/submission-options>

- (9) Authors are requested to enter their Conference program number and Area number in the “Additional Information” field of the submission site.
